Chicago's Trusted Home Remodeling

For over 68 years, Airoom has delivered exceptional results in **home design, renovation,** and **interior remodeling.** From custom kitchens and luxury bathroom upgrades to complete interior and exterior transformations, our team turns your vision into an exquisitely crafted reality with personalized care, delivering

Comprehensive Home Remodeling, All Under One Roof

Explore the latest buzz in home remodeling with Airoom's 'In the News' section featuring a curated selection of articles in the media and press releases. Stay ahead of trends, innovations, and insights in the home remodeling industry, and take the first step to start the process of transforming your home today.

Airoom Knows Remodeling
Airoom's **design-build** approach delivers every resource for your dream project at a fair, fixed price with an unparalleled warranty. We provide architecture, engineering, construction, **interior remodeling, kitchen remodeling, basement remodeling, purchasing,** and financing in one coherent process. At Airoom Architects, Builders and Remodelers, we truly handle everything, so you don't have to.
We Handle Everything®

Building in Your Neighborhood

Since 1958, Airoom Architects, Builders and Remodelers, has been a staple in Chicago's building and remodeling, proudly embedding ourselves in local communities. Choosing our team means more than hiring an architect or builder. It means becoming part of a longstanding legacy of quality and trust, and exceptional service. To see what homeowners say about working with us, explore our **Airoom Builders**. Airoom is proud to serve Chicago, Hinsdale, Lincolnwood, and many more communities across the North Shore.

What is the average timeline for home remodeling in Chicago?

FINANCING YOUR HOME RENOVATION OR ADDITION

We can determine the right financing path for you

Lamb Financial specializes in delivering tailored financing solutions for your home renovations and additions. With over 35 years of experience, we've helped clients turn their ideas into reality without unnecessary delays or financial stress. Buy, build, or remodel your perfect home with our wide range of flexible loan options. Whether you're planning a small upgrade or a major transformation, we'll help you choose the right financing for your goals.

Lamb Financial renovation and construction loans can be used for:

- Minor and major home renovations
- Structural improvements and layout changes
- Home additions
- Accessory dwelling units (ADUs)
- Exterior renovations and makeovers
- Landscaping and hardscaping

Renovation & Home Equity Loan Programs

Renovation Home Equity Line of Credit (Renovation HELOC)

- Lines up to \$750,000
- No impact on your current mortgage—keep your great rate
- Variable interest rate
- As-Complete (After Renovation Value) appraisal
- Pay interest only on the portion you use
- Flexible principal repayment options
- No prepayment fees or penalties
- Best for: Phased renovations, additions, or projects with evolving costs

Renovation Mortgage

If you prefer one loan and one payment, or if your current mortgage rate is not super low, a renovation mortgage may be the right fit.

- Loan amounts up to \$2,000,000 or higher
- Replaces your existing mortgage
- Fixed or variable rates
- As-Complete appraisal to maximize borrowing power
- Best for: Major renovations or additions where combining balances simplifies finances

Rapid Renovation Loan

Need funds fast with minimal paperwork? This is one of our most popular options.

- Loan amounts up to \$100,000
- No impact on your current mortgage
- Fixed interest rate
- No appraisal
- No closing costs
- Approval in 24-48 business hours
- Funds deposited in as little as 48 hours
- No prepayment fees
- Best for: Quick upgrades, repairs, or smaller renovation projects

Standard Home Equity Line of Credit (HELOC)

A traditional HELOC offers flexibility for ongoing projects.

Standard Home Equity Loan

Prefer predictable payments? A home equity loan delivers certainty.

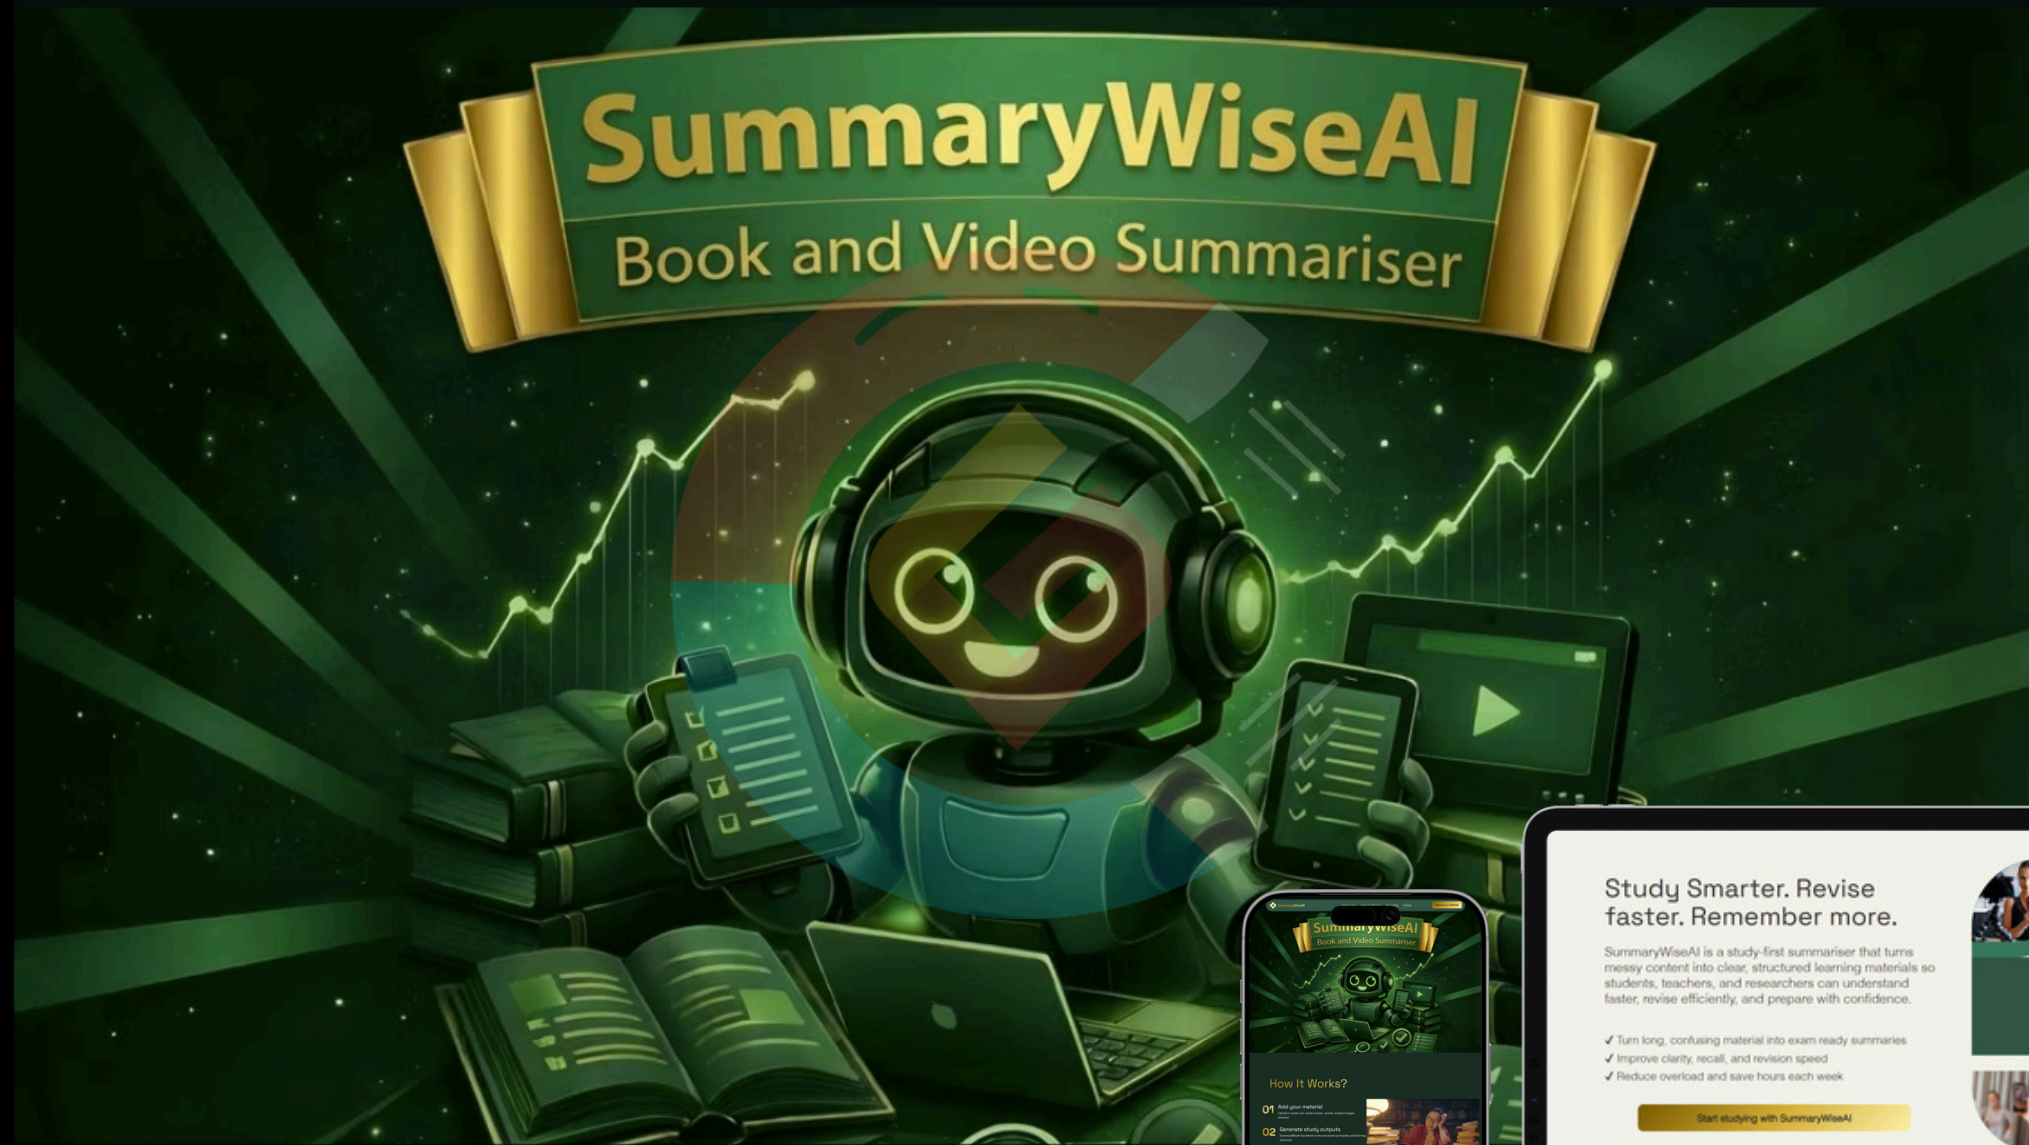

Cash-Out Refinance

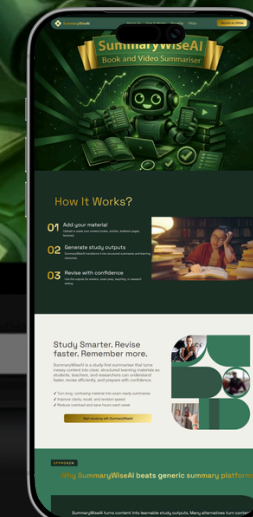

In some situations, refinancing can be a powerful renovation tool.

SummaryWiseAI

Book and Video Summariser

MacBook Pro

Study Smarter. Revise faster. Remember more.

SummaryWiseAI is a study-first summariser that turns messy content into clear, structured learning materials so students, teachers, and researchers can understand faster, revise efficiently, and prepare with confidence.

- ✓ Turn long, confusing material into exam ready summaries
- ✓ Improve clarity, recall, and revision speed
- ✓ Reduce overload and save hours each week

Get Your App Live Faster

App Testing | App Publishing | App Development | App Quality Assurance

Building an app is just the beginning; stringent testing requirements could push app approval on the Play Store to 14 days or beyond. We facilitate the entire journey: App development, mobile app security testing, publishing, and quality assurance. With our professionals ensuring your app is free from bugs, fully optimised, and Play Store-ready within schedule, Whether it's a health-focused app like the Mimi Hearing Test app or a high-security fintech tool, we provide reliable app development, end-to-end testing, and full Play Store support. Say goodbye to delays. let's get your app live immediately!

[Send Message](#)

Why Trust Our App Testing Services?

Reliable testing for a successful app launch!

Comprehensive Testing
We've built a 14-day testing environment to comply with Google's stringent guidelines for the Play Store and ensure your app will pass without blocking.

Flexible Testing Duration
Since every app is different, we customize the testing time based on its complexity and the Play Store's requirements.

Daily Test
Get daily reports to keep you informed of progress within the 14-day testing window. This enables you to track and fix issues before submission.

Device compatibility
We test your app on various Android versions and devices to ensure good performance and reach for every user.

Expert Team
Expert testers and QA specialists help resolve policy violations and performance issues in time for a fast approval process.

Closed Testing Support
We conduct real-world closed beta tests, gathering feedback to be channelled into the iteration process.
